

JURASSIC PLANT TOUR

TRAVEL BACK IN TIME
Goleta Sanitary District Open House
Saturday, September 23, 2017, 10:00 am - 3pm
1 WILLIAM MOFFETT PLACE, GOLETA, CA

The water we use today is the same water that has been on earth since long before the time of the dinosaurs.

See how water has been purified for millions of years and how we replicate the earth's natural processes to treat your wastewater.

We look forward to meeting you and showing you what we do.
