

**REQUEST FOR PROPOSAL
For
PROFESSIONAL DESIGN SERVICES**

The Goleta Train Depot Project

Addendum No. 2

February 6, 2019

1. Page 4 and Page 5

Proposal Due Date and Time is hereby amended to:

February 25, 2019 at 3:00 PM

2. Section 6.1 PROJECT DESCRIPTION. Train Depot Building. The project description of the Train Depot Building is further clarified as follows:

There is an existing warehouse type building on the site of the proposed Train Depot Building. CONSULTANT's should include the "demolition" of this building in the PHASE 3 – Final Design – Depot Building and adjacent Civil Work tasks (Tasks 3-FD-1 through 3-FD-FD-10).

3. Section 7.1 REQUESTED SCOPE OF SERVICES. The following technical specialty is added as a requirement of the Consultant Teams:

- Rail design and coordination.

4. Section 7.3 STANDARDS. The second bullet is amended as follows:

- Building must be designed to meet LEED Silver standards. LEED Silver *Certification* at this point is desirable but not a requirement under the City's Green Building Policy.

5. **Section 7.3 STANDARDS.** The following standard is added to Section 7.3:

- Conformance to applicable Amtrak Train Design Standards

6. **Section 9.7 REQUIRED STATEMENTS - Agreement for Professional Services.**
This paragraph is modified as follows:

CONSULTANT must review the sample agreement included as Attachment A to this RFP and acknowledge this review. A proposal failing to acknowledge review of the sample Agreement for Professional Design Services will be considered nonresponsive and rejected without evaluation.

Approved by

Mr. Jaime Valdez
Senior Project Manager
City of Goleta, Neighborhood Services and Public Safety division
