

**Responses to the Request for Proposals for the Splash Pad and Improvements at
Jonny D. Wallis Neighborhood Park**

Questions Received by November 15, 2019

1. Were bathroom showers installed in the first phase?

No, bathroom showers were not included in the first phase.

2. Is there a link to current drawings?

Yes, the current drawings have been added as an addendum to the Request for Proposals as Addendum 2, available on Ebidboard.com. If file cannot be accessed, please contact JoAnne Plummer at (805) 562-5505 or jplummer@cityofgoleta.org to make other arrangements.

3. Is there a current design for the splash pad that the public has seen/approved during earlier outreach?

The public did see a few different mock ups which were in the same theme as the first concept playground during early stages of the park project. The final built playground theme is “nature/natural” and the public has not reviewed or approved any conceptual design with this theme.
