M. H. R. Callahan
Public Works
Building Department
Court House
Santa Barbara, California

Dear Mr. Callahan:

Re: Santa Barbara Retail Warehouse
27 La Patera Lane

We are proceeding post haste with the preparation for construction of our warehouse in Santa Barbara. Hides are out and due back by the end of November. Attached is a copy of our letter to Mr. R. McClurand of the Southern Pacific Company, dated November 9, 1966, requesting permission to landscape the right-of-way along the north side of our spur track. Also attached is a copy of S.P.'s letter dated November 9, 1966 which acknowledged receipt of our request and our plot plan. S.P. will progress our request for landscaping a portion of the right-of-way through their company to secure management approval. S.P. advised that the matter may also be reviewed by the Public Utilities Commission for the State of California.

During the numerous sessions with the Architectural Review Board for the County of Santa Barbara, I pointed out that we would comply with their requests providing the necessary approvals of the Southern Pacific Company and the Public Utilities Commission can be obtained. We are proceeding to obtain these approvals and are hopeful that they will be granted. However, should they be disapproved, may we please have your assurance that our occupancy will not be denied on this basis alone.

Thank you for your kind attention in this matter.

Yours very truly,

S. E. BURBANK AND CO.

Re: R. E. Owens Letter
11-22-66 Occupancy.

Dear Mr. Owens:

Your letter addressed to H. R. Callahan, Aldr. Dept. was referred to me by Mr. Robt. Ritchie of that Department. There is an H. R. Callahan in the Road Dept. and I have forwarded your letter to him on the slim possibility that you meant him to receive it.

The Building Dept. has asked me to answer your letter since they do not have your plans.

The question of occupancy seems a little bit premature but may be due to our way of processing permits.

At this point you need a zoning clearance which is dependent upon your ability to comply with the conditions imposed by the Planning Commission when you were granted a variance and the Architectural Board of Review, all of which you are familiar with.

Should you be unable to obtain the Southern Pacific Company’s approval, you would need to appeal to the Architectural Board of Review which set that particular condition or to the County Board of Supervisors.

Please feel free to contact us further in this matter at any time.

Very truly yours,

ROBT. A. SCOTT

DEAR MR. GOTTIEB:

The Planning Commission at its meeting of December 10, 1966, requested the County of Supervisors to approve the 1966-67 Program of Drainage Districts. While in the initial stages of your proposed Program, it was required that the design, color scheme, and other suitable material be approved by the Planning Director.

It is understood that the Planning Director has approved the general schedule as set out in the letter of December 9, 1966, and that you are substituting this letter for the letter of April 2, 1966.

The approval of the schedules for the incorporate this day does not remove you to the extent of the necessity, and that the same is not part of the certificate. Permit for the
