Dear Mr. Callahan:

Re: Santa Barbara Retail Warehouse
27 La Patera Lane

We are proceeding post haste with the preparation for construction of our warehouse in Santa Barbara. Hides are out and due back by the end of November. Attached is a copy of our letter to Mr. R. McClureland of the Southern Pacific Company, dated November 9, 1966, requesting permission to landscape the right-of-way along the north side of our spur track. Also attached is a copy of S.P.'s letter dated November 9, 1966, which acknowledged receipt of our request and our plot plan. S.P. will progress our request for landscaping a portion of the right-of-way through their company to secure management approval. S.P. advised that the matter may also be reviewed by the Public Utilities Commission for the State of California.

During the numerous sessions with the Architectural Review Board for the County of Santa Barbara, I pointed out that we would comply with their requests providing the necessary approvals of the Southern Pacific Company and the Public Utilities Commission can be obtained. We are proceeding to obtain these approvals and are hopeful that they will be granted. However, should they be disapproved, may we please have your assurance that our occupancy will not be denied on this basis alone.

Thank you for your kind attention in this matter.

Yours very truly,

SEARS, ROEBUCK AND CO.
